

# UE 4 Metabolic biochemistry and regulatory pathways : Lipoprotein metabolism (1)

 ECTS  
3 crédits

 Composante  
UFR Sciences  
Vie Terre  
Environnement ,  
UFR Sciences  
de Santé

## Liste des enseignements

	Nature	CMI	CM	TD	TP	TER	ECTS
Lipoprotein Structure	Matière		7,5h				
Enzymes and receptors	Matière		10h				
Metabolic pathways and regulation	Matière		5h				
Experimental approaches	Matière		5h
